# North East Bus Preservation Trust Ltd

Whilst members are free to make donations towards the restoration of any of our vehicles they should be aware that some restorations are long term and expensive projects which are unlikely to proceed in the immediate future.

The Trustees have determined that our immediate aims are the completion of work on Sunderland Guy 139, Sunderland Busways Olympian 655, the continuation of work started in 2017 on Northern Guy 1665 and the start of work on United Lodekka L263.

The Trust has obtained grant funding to restore Newcastle Atlantean 118 and Sunderland Crossley 100. The grants do not cover all the costs involved so the Trust needs additional support to complete these projects.
